

Agricultural Sand

greater vancouver
aggregates division

Features and Advantages

All *Lafarge's Agricultural Sand* or "*Barn Loafing Bedding Sand*" is produced from some of the highest quality sand & gravel reserves in the Lower Mainland, by means of washing and vibratory screening. This is done to meet even the most restrictive specification as recommended by the UBC Dairy Education & Research Centre and monitored under our Quality Assurance Program.

Both feed stock and finished sands are produced through our modern Sand Processing Wash Plants using the latest industrial processing technology. The result is an environmentally clean sand with a consistent and uniform particle size distribution, superior to most common or local pit sands.

By using *Lafarge's Agricultural Sand* that meets the desired gradation of Dairy Research you can enhance the

chances of reducing the concentrations of pathogenic bacteria in the cows loafing or bedding environment in the barn stalls, thus minimizing the rates of intramammary infections.

When using *Lafarge's Agricultural Sand* you are supporting a BC produced product that is locally available to meet your livestock & barn bedding needs. Our AgSand and the many other washed, non-leaching, environmentally sound sands and course aggregates are available, delivered to you by truck. This can be arranged by ordering your bedding requirements through our Aggregates Dispatch.

Lafarge's Agricultural Sand is available at our Central Aggregates Pit, located in Abbotsford, servicing the local & surrounding farming communities. For additional information or to place an order, please call our Aggregates Dispatch Office.

Particle Size Analysis

Typical Values

- Data shown here is accurate and reliable, but not a specification.
- Typical, means average percent passing on individual sieve.

Sieves (ASTM)	Agricultural Sand "Barn Loafing Bedding"
5.00 mm (#4)	100%
2.50 mm (#8)	98%
1.25 mm (#16)	85%
630 µm (#30)	55%
315 µm (#50)	15%
160 µm (#100)	3%
80 µm (#200)	1%

Product Code: AG2707-473

Material Location:

Our Agricultural Sand is only available in Bulk at our Abbotsford Central Aggregates Pit, located on 1080 Bradner Road.

Division Office:

19633 98A Avenue
Langley, BC, V1M 3G5
