

Manufactured Granular Base

greater vancouver
aggregates division

Features and Advantages

Lafarge's Manufactured Granular Base (MGB) is a structural granular fill material that is produced from 100% asphalt and concrete rubble recovered from construction or demolition sites to make way for new construction. This manufactured recycled granular base is produced to gradation and uniformity comparable to most common or local pit granular base aggregates.

All **Lafarge's Manufactured Granular Base** are crushed and screened under our internal Quality Assurance Program. Both feed stock and final products are processed through our portable crushing plant at our Abbotsford, Coquitlam, and Richmond Recycling and Aggregates Depots using the latest industrial aggregate processing equipment and technology.

The resultant product is clean and well graded, with minimal deleterious material content.

Using **Lafarge's Manufactured Granular Base (MGB)** you will achieve the compaction properties required by most municipalities. This recycled granular base has load bearing capabilities equal to or better than most virgin aggregates.

Our **Manufactured Granular Base aggregates** are used for the base preparation for new asphalt and concrete installations, trench fill and top lift aggregates for commercial, industrial and residential parking lot applications, park pathways and many other heavy equipment and traffic areas.

Particle Size Analysis

Typical Values - Data shown here is accurate and reliable, but not a specification.
- 75mm & 150mm gradations can be produced for your specific projects.

Sieve Size (mm) (ASTM)	MMCD 2.10 Spec.	25mm Manufactured Granular Base
25.0mm (1")	100%	100%
19.0mm (3/4")	100%	96%
12.5mm (1/2")	75-100%	82%
9.5mm (3/8")	60-90%	68%
4.75mm (#4)	40-70%	48%
2.36mm (#8)	27-55%	37%
1.18mm (#16)	16-42%	29%
0.600mm (#30)	8-30%	22%
0.300mm (#50)	5-20%	14%
0.150mm (#100)	-	9%
0.075mm (#200)	2-8%	7%

Product Code: AG3641

Material Location:

Our 25mm Manufactured Granular Base is available in Bulk at our Abbotsford Central Aggregates Pit, located at 1080 Bradner Road, at our Coquitlam Leeder Avenue and Richmond Aggregates Depot at 7440 Nelson Road..

Division Office:

19633 98A Avenue
Langley, BC V1M 3G5
